Daniel Mendoza

Software Engineer III

mendozad05@yahoo.com | Glendale, CA | danielmendoza.io | linkedin.com/in/dmendoza05 | github.com/dmendoza05

PROFESSIONAL SUMMARY

Software engineer with 10+ years building customer-facing web products in TypeScript, JavaScript, HTML, and CSS. Shipped production interfaces in Svelte and shared component libraries; React from side projects. Work spans learning products, conversion flows, content-authoring tools, and data visualizations, on REST and gRPC APIs with Node.js. Led an AI-assisted curriculum prototype and uses Claude, Cursor, and Claude Code in daily engineering. Delivers with Vitest, Playwright, GitLab CI, and Datadog, and partners with design, product, and data.

SKILLS

Frontend: TypeScript, JavaScript, HTML, CSS, Svelte, SvelteKit, React, Lit, AngularJS
Backend & data: Node.js, REST APIs, gRPC, PostgreSQL, Snowflake, AWS
Product: shared UI libraries, D3.js, Chart.js, content tools, conversion flows, web, iOS, Android
Quality & AI: Playwright, Vitest, GitLab CI, Datadog, Claude, Cursor, Agile

PROFESSIONAL EXPERIENCE

Software Engineer III May 2022 - Sep 2026
Age of Learning | Glendale, CA

- Built ABCmouse 2.0 Teacher and a school analytics dashboard in TypeScript/Svelte, with shared UI components, D3.js and Chart.js, and REST/gRPC APIs.
- Shipped account creation, subscription, and checkout, and instrumented conversion with Adjust, Google Analytics, and Snowflake.
- Built content-authoring tools for learning designers, and led a design, frontend, and QA prototype for an AI-assisted curriculum and lesson-plan product.
- Moved a product from Flutter to Svelte in weeks. Kept releases reliable with Playwright, GitLab CI, Datadog, and code review, and mentored interns through full-time hire.

Software Engineer II Oct 2018 - May 2022
Age of Learning | Glendale, CA

- Shipped ReadingIQ on web, iOS, and Android through full production release cycles, including App Store and Google Play.
- Built ABCmouse International client features for multiple markets; adopted Unity and C# when the product required it.

Software Engineer I Jun 2017 - Oct 2018
Age of Learning | Glendale, CA

- Built production web UIs for ABCmouse and ReadingIQ in JavaScript, HTML, and CSS, including the ReadingIQ web book player.
- Partnered with design and product from idea through shipped consumer features.

Associate Software Engineer Oct 2015 - Jun 2017
Age of Learning | Glendale, CA

- Shipped production fixes across ABCmouse 1.0 front-end and back-end in a large existing codebase.
- Migrated ABCmouse 1.0 to AngularJS toward a more maintainable client.

SELECTED PROJECT

danielmendoza.io SvelteKit, TypeScript, Node.js, PostgreSQL

- Personal full-stack TypeScript app with REST APIs, PostgreSQL, a Chart.js dashboard, Vitest and Playwright tests, and Cloudflare deploy.

EDUCATION

Full Stack Web Development 2014 - 2015
